Road to sustainability: DuploFLEX® 5 GRIP Advanced

Printers have observed the following benefits when switching to DuploFLEX® 5 GRIP Advanced:

- Excellent grip to the sleeve side
- Increased sustainability with 50 % reduction of solvent used in the adhesive coating process
- Industry proven print quality due to multi-layer composite structure
- Enhanced adhesive surface prevents plate lifting, reduces plate damage and mounting / labor time
- Air bubbles on plate side are history thanks to the adhesive structure
